One of the key Contract Logistics service providers in India, Spear Logistics Pvt.Ltd. was awarded the Logistics Company of the year award by the prestigious Indian Institute of Materials Management (IIMM) at an event held today in Pune. The program is held every year to recognise and promote professional excellence in materials and Supply chain management felicitating industry leaders and outstanding performers in the supply chain and logistics space.

On receiving the prestigious award, Captain Uday Palsule, Managing Director, Spear Logistics says, “We are delighted and honored for the recognition from such a respected body and eminent jury members. I would like to congratulate the entire Spear team for their on-going efforts and sincerely thank our customers for their immense support and confidence in us all these years.”

Pune based Spear Logistics today has a national presence with over 23 offices and managing 2.60 million sq.ft.of warehousing space. With a turnover of over 100 crores, Spear logistics covers Inbound, Inplant and Outbound logistics services, offering a range of customized solutions in contract logistics space. With a strong client base across segments, Spear offers services ranging from Warehousing and Distribution Management, Carrier management, Installation Support Logistics, Intra-City deliveries and Value added services. Spear Logistics is a technology driven company with a proprietary Information System for Warehouse Management and Transportation.

Speaking at the award ceremony, Gautam Dembla, CEO of Spear Logistics says, “Spear Logistics is known to be dependable, responsive and strong contract logistics service provider. This award is a result of our team effort. The recognition will encourage our team to push the performance envelope even further.”

Logistics and Supply chain management awards were given across 10 different categories. Nominations, received from several manufacturing companies and service providers from across India, were reviewed and judged based on parameters individual to each of the award categories. Companies were shortlisted for presentation and finally one company from each of the categories were adjudged winners, based on their overall performances.
